

Improving HIV Health Outcomes through the Coordination of Supportive Employment and Housing Services

DEMONSTRATION SITE City of Paterson | Paterson, NJ

	GEOGRAPHIC LANDSCAPE	The targeted area that we service is an urban hub for mass transportation, providing easily accessible transportation for most clients. Our Transitional Grant Area provides medical related transportation, while SPNS partners can provide housing- and employment-related transportation services.
	THE CHALLENGE	The lack of access to permanent housing and transportation outside of medical appointments has limited the ability of clients to obtain homes and jobs to help them integrate back into society.
	FOCUS POPULATION	People living with HIV (PLWH) with housing and employment needs who reside in Passaic County (large African American and Latino populations) and Bergen County (large White American population)
Ø ₀	THE MODEL	Our model unifies resources that previously were not available directly to our TGA. This approach will contribute to the greater mental and physical health as well as social stability of our clients.
¢	PARTNERS	 Paterson & Bergen Housing Authorities: Housing Assistance Free Public Paterson Library: Computer Access, Job Career Orientation, Network Referrals Buddies of NJ & Coalition on AIDS in Passaic County: Intake, In and Out of Network Referrals
Ø	IMPACTS	 Impact 1: Reduce the number of out of care PLWH in the focus population Impact 2: Reduce number of PLWH without stable housing in the focus population Impact 3: Increase employment among PLWH in the focus population through referrals to education, training programs, and job placement

This project is supported by the Department of Health and Human Services (HHS) Secretary's Minority AIDS Initiative Fund under grant number U90HA31449 and the Health Resources and Services Administration (HRSA)'s HIV/AIDS Bureau (HAB), Special Projects of National Significance (SPNS) program Initiative Improving Health Outcomes Through the Coordination of Supportive Employment & Housing Services for \$700,000. No percentage of this program was financed with non-governmental sources. This information or content and conclusions are those of the author and should not be construed as the official position or policy of, nor should any endorsements be inferred by HRSA, HHS or the U.S. Government.
