

Marketplace Participation for Uninsured Ryan White Clients

Per policy clarification issued by the HRSA HIV/AIDS Bureau, Ryan White grantees and contracted providers must make “every reasonable effort” to ensure all uninsured Ryan White program clients enroll in any health coverage options for which they may be eligible. If after extensive documented efforts on the part of the contracted provider, the client remains unenrolled in health care coverage, the client may continue to receive Ryan White services. To meet the standard of “every reasonable effort”, Ryan White providers must ensure that every client over 100% FPL must meet standards detailed in RWGA issued Health Insurance Marketplace guidance, and outlined in the information to be provided below.
